

Americans with Disabilities Act

It is White Mountains' policy that we will not discriminate against qualified individuals with disabilities with regard to any aspect of their employment. White Mountains is committed to complying with the ADA Amendments Act of 2008, the Americans with Disabilities Act of 1990 and Section 504 of the Rehabilitation Act of 1973, as applicable. White Mountains recognizes that some individuals with disabilities may require accommodations at work. If you are currently disabled or become disabled during your employment, you should contact your manager to discuss reasonable accommodations that may enable you to perform the essential functions of your job. We are not required to provide an accommodation that could cause the business an undue hardship as defined by law.

The Americans with Disabilities Act defines "disability" as: (1) a physical or mental impairment that substantially limits one or more of the major life activities of such individual; (2) a record of such an impairment; or (3) being regarded as having such an impairment. "Major life activities" include caring for oneself, performing manual tasks, seeing, hearing, eating, sleeping, walking, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, and working.

In accordance with the Americans with Disabilities Act, employees with AIDS will be treated like any other ill employee. If the individual is fit to work, he or she will be provided with work in accordance with normal procedures. Usually, no special precautions in the workplace are indicated. However, employees with AIDS may request reasonable accommodation by contacting the company's medical officer or human resources department. We are committed to safeguarding the health of all employees and maintaining productivity.
